

**REGULATION VIII  
AIR QUALITY ZONING**

**Rule 801**      **Establishment of Air Quality Zones**

The Northern Sierra Air Quality Management District Board may establish air quality zones within the District for the implementation of air pollution control strategies. The District Board may consider factors including, but not limited to, topography, meteorology, land use, and existing air quality in considering boundaries of a zone. Air pollution control strategies may include different emission limitation and source category applicabilities. The establishment of District zones shall be enacted only after consultation with the Control Council of the Mountain Counties Air Basin.
